

ORDINANCE

FOR THE

PLACEMENT & REPLACEMENT OF CULVERTS

Adopted 3/12/91

I. GENERAL

Intent -- The purpose of this ordinance is to control both the quality and location of any culverts and entrances used to provide access to Municipal Roads from abutting property.

Limitations -- Nothing in this ordinance shall be construed as controlling the placement of culverts and entrances on private property.

II. SPECIFICATIONS

New Placement -- No culvert or entrance shall be placed along a Municipal Road to gain access to private property without prior written permission from the Road Commissioner. Such written permission shall include size, type and location of the culvert and/or entrance. The property owner shall pay all costs associated with the buying and installing of culverts and placement of entrances. There shall be no fee associated obtaining such permission.

Replacement -- Whenever it is necessary to replace a culvert installed as indicated above all costs associated with such replacement shall be born by the Municipality of Vienna.

Old Culverts -- Whenever it is necessary to replace a culvert that was installed prior to the enactment of this ordinance such replacement shall be treated as the replacement of an authorized culvert as noted above.

Penalties -- Who so ever places or causes the placement of a culvert along a Municipal Road without obtaining prior written permission of the Road Commissioner shall be liable for all costs associated with the removal of such culvert, if so ordered by the Board of Selectmen. If after the placement of a culvert permission is asked for and granted the property owner shall pay a penalty of \$25.00 to the Town of Vienna. Failure to obtain written permission of the Road Commissioner will result in the denial of a Building Permit.
